Shiba, Tokyo

Ichigo blocks the attack, earning praise from Isshin. Afterwards, he entered Masaki's inner world to confront the Hollow.

Isshin Kurosaki

Despite his radical goal and putting people on edge, he has an honorable side as he won't hesitate to explain them to people and never lies about them. The hilt's pommel has a blue tassel attached at the end.

Shiba

When Isshin asks what he is on about, Urahara says it would be problematic if he had become weaker and blamed him for it.

Koganehiko and Shiroganehiko

He uses her as a resource to learn more about Basara and his harem. One day, when he goes to Ichigo's room to wake him up by pouncing on him, Ichigo dodges his pounce, sending him all the way through the window.
