She is doing well after the operation and result of biopsy is not cancerous however she has anemia and with abnormal breathing pattern.

Kwara APC Faction Rejects Removal of Party Chairman By Buni Committee

As soon as I saw the white gums, it was off to the ER at 1:00 AM! She has a re-check with her vet on Tuesday, then stitches will come out the following week. Just praying he gets through it and the tumour are not malignant Our 6 yr old golden retriever became very ill very suddenly in first week of March. I strongly suspect the possibility that the splenic tumor was benign hematoma and perhaps due to torsion.

This leak is from KeliosFR who is trustworthy.

The Spleen: What does it do and how will my dog manage if it has to be removed?

It does not get any easier. To backtrack, two weeks prior I had had Princess seen for a general exam by another vet who after noticing pale gums, suggested a number of blood and other tests to find the cause of this condition.

'Nepotism' 'Hopefull positive news' Celtic fans split on boardroom rumour

Where can I take him? Given my discharge was so quick after his surgery does anyone out there believe perhaps this is normal? Mary Alice, Our 11 year old yellow lab, Garth had a splenectomy almost 3 weeks ago...5 lb tumor on his spleen. She found a tumour the size of an orange in his spleen which had started to bleed. .

The Spleen: What does it do and how will my dog manage if it has to be removed?

The next day it was the same and o took him to the vet. My sweet Kendall is having a splenectomy as I write this, and I am so worried about her.
