Professional Education and Military Learning in the 21st Century

The Army was a hodge-podge of Regular and Volunteer outfits, all with varying levels of combat proficiency and different ways of doing business. One of the ways in which professional military education could change in future — and I would argue should consider doing so — is by empowering civilian educators to play a larger role, and one less constrained by a rigid curriculum.

Military Education and Training

Cadet Ryan Cho: I actually didn't know about the National Guard until I entered college.

Home of Army University

Army Research Laboratory supports 95 REAP internships each year.

Home of Army University

Except for authorized law enforcement investigations, no other attempts are made to identify individual users or their usage habits.

Officer Education System

Some former military officers can become great scholars, excellent teachers, and think in radically different ways to their colleagues. To be honest, empathy is not a strength of mine, which is why I chose to research and write about it. You also have the option of going to the military medical school in Bethesda, Maryland.
