How to Build a Water Garden

How to Care for Your Indoor Water Garden For this set of plants, you only need to make sure they get some indirect light. Place the pieces of flagstone around the edges of the pond shell. As a general rule you should have no more than one goldfish per 3 square feet of surface area of pond or one guppy per gallon in a tub.

How to Make an Indoor Water Garden

This offer cannot be applied to previous purchases or combined with any other offer.

How To Make A Simple Water Garden

But how do you change the water? Night-bloomers are best for viewing during the evening and early morning when most people are at home. Our local stores do not honor online pricing.

How to Make an Indoor Water Garden

With an active filtration and aeration system, the number can be much higher. These low maintenance beauties are perfect for gift giving and offer a great way to get creative.
