William Verrall's Cookery Book (1759) by William Verrall

Family and Friends in Eighteenth-Century England makes a substantial contribution to eighteenth-century history, and will be of value to all historians and literary scholars of the period. Each unit contains three double-page lessons ensuring flexibility, even pacing and progress. The author, William Verrall, was master of the White Hart in Lewes and his robust sense of humour shows in his own introduction, which with the recipes, was probably dictated to a minion.
