## Presidential Decree No. 442, s. 1974

The right to form associations is likewise guaranteed to everyone under the Constitution. These rights are recognized in the Nicaraguan Constitution and in specific laws such as the Migration Act Act No.

## Presidential Decree No. 442, s. 1974

The task of the licensed person shall be considered to have been completed immediately on the arrival of the workers and their delivery to the employer without prejudice to the obligations specified in the recruitment contract. The Act includes a number of miscellaneous provisions and repeals all or part of 42 Acts, including sections 92 3 and 4 , 99 1 and Schedule 23 of the Social Security Act 1973 LS 1973 - UK 2 and section 40 2 and 4 of the Employment Protection Act 1975 LS 1975 - UK 2. It was the first time the Ministry of Labour had entrusted the social partners with the task of developing guidelines for the Occupational health Plan, while involving all workplace health and safety stakeholders in its preparation.

## Labor and Workmen Law

Article 60: The Minister of Labor may submit a proposal for determining those trades and crafts in which apprentices shall be accepted, the period of apprenticeship in each trade or craft, the theoretical and practical programs to be followed, the conditions governing examinations and the certificate to be given at the end of the apprenticeship period, provided that such proposal shall be approved by the President of the Council of Ministers. In establishments and enterprises employing a minimum of 50 employees 50 included where agricultural and forestry work is carried out. The data on asylum seekers and refugees are available in the Asylum Unit, Civil Registry and Migration Department.

## Ministry of Health, Labour and Welfare: What's New

Article 131: The employer must always and continuously enclose, within suitable protective guards all moving parts of power generators and transmission gears, as well as the dangerous parts of machines, whether they are stationary or mobile, unless these parts are so designed or installed as to provide full protection. In the case of the GSIS, the average daily salary credit shall be the actual daily salary or wage or the monthly salary or wage divided by the actual number of working days in the month of contingency. Due to this reason, the drafters of the Lausanne Treaty of 1923 defined minority in religious terms.
