Gonioscopy

Regular exams can save your vision. This is really a matter of practicing to build muscle memory. Instillation of sodium fluorescein drops or introduction of fluorescein impregnated strips into the eye followed by slit lamp exam using the cobalt-blue filter will easily reveal corneal abrasions caused by trauma, infectious ulcerations, or dendritic lesions associated with herpes keratitis Figure 6.

Gonioscopy: a Review

Time is of the essence when it comes to monitoring your eyesight.
