Writing Short Stories: A Writers' and Artists' Companion (Writers'™ and Artists'™ Companions)

Bailey instructs more in fewer pages by his superior strategy of providing more detailed craft analyses of carefully chosen stories. I should just make a note about the coffee shop, though. My detective was just not able to find the next clue that would lead him to the murderer.

Writing Short Stories: A Writers' and Artists' Companion by Courttia Newland

Since this is the only book on writing the short story I have read so far, I can't make any comparisons. A simply beautiful book which provided me with a profound insight into the short story world.

Writing Short Stories: A Writers' & Artists' Companion

She has an Honorary Doctorate of Letters from Anglia Ruskin University, where she is Writer in Residence and a mentor on the MA in Creative Writing. The one thing I would say in criticism is that neither of the authors seem to be particular fans of self publishing. Didn't he get this salary from the company for the past 6 months? He seems to have little to say about writing himself.

vivchar.tom.ru: A Short Story Writer's Companion (9780195135558): Bailey, Tom: Books

This review is for the first edition. The book is split into three sections: one documenting the history of the short story, the second focusing on tips from other short story writers and the third on practical publishing advice. This was awful to read, the worst sans serif type I have ever seen, and the most important parts of the book have grey background too.

Writing Short Stories: A Writers' and Artists' Companion: Writers'™ and Artists'™ Companions Courttia Newland Bloomsbury Academic

Two writers working on a single story with perfect tandem was not something I have ever heard before. Courttia Newland is the author of seven works of fiction. I'm giving it 4 stars mostly for a few pieces of gold that I've picked up from it and what they have done for my writing.

vivchar.tom.ru: Customer reviews: A Short Story Writer's Companion

I enjoyed the deconstruction of the short story near the end of the book - that part was interesting and very helpful. I almost cannot recommend this book enough to any aspiring writer.

A Writer's Companion

But DON'T BUY IT IN PRINT. The tone of the book feels just as the title says, like you have a friendly companion helping you out on your journey through the process of writing short stories. Part One of A Short Story Writer' Ideal for anyone interested in writing short stories or for introductory courses in fiction writing. A Short Story Writer's Companion is a highly accessible guide to the craft of creating short fiction.

Writing Short Stories: A Writers' and Artists' Companion (Writers'™ and Artists'™ Companions)

The most significant takeaway for me is a sense of permission - stressing the importance of allowing yourself to experiment; suggesting a few non-conve I'm giving it 4 stars mostly for a few pieces of gold that I've picked up from it and what they have done for my writing. I thought about making another cup but then decided against it.
