IT Impact on Tourism and Hospitality Industry: Hilton Hotels.

Attracting, retaining and engaging your digital workforce in era of digital transformation. As businesses across the economy need to support a new army of workers from a home environment, demand has grown for device sales such as laptops and other networking infrastructure, as well as all-important security services.

Technology could help rural areas become thriving and sustainable

Using a headset and customized software, new hires can engage in a truly unique experience, without the risks and cost of a normal training session.

2021 Technology Industry Outlook

A real estate developer, for example, might hire an environmental consulting firm to help design and develop property without damaging natural habitats, such as wetlands.

5 Technologies Changing the Restaurant Industry

In fact, things may be going in reverse—data from the Bureau of Labor shows that the percentage of computing occupations held by women has been steadily declining from a high of 36% in 1991 to 26% today. As a result, the vast, new all-encompassing GDSs matured from their original development as airline CRSs. Select one where you get the basics you need to accomplish your goal.
