### The Savage Earth

ZIGZAG FOLDING Rocks generally form in flat layers called strata.

### 110 Precision

Instead of leaves, cactuses have sharp spines.

### Savage Planet (TV series)

GRAND CANYON The majestic Grand Canyon in Arizona was carved by the Colorado River over a period of 20 million years. The damage was severe because local authorities had not installed avalanche defenses around Galtur.

### The Savage Earth (Vampire World, #1) by P.T. Hylton

Continued eruptions mean the island is always expanding into the sea. Human activities can change biomes.

### Savage Earth (Dk Guide)

It takes place because the inside of the planet is hot and turbulent. Most cities follow the following generalities, however. This berg, newly broken away from the Antarctic ice shelf, is flat-topped.

### SAVAGE EARTH Online

It's just that it's a rough world out there and it toughens people. Elsewhere, the crust may fracture to produce cracks called faults.

### The Savage Earth (Vampire World, #1) by P.T. Hylton
