

Healthy California 2000 - midcourse review : Californias experience in achieving the national health promotion and disease prevention objectives

California Dept. of Health Services, Center for Health Statistics - Effectiveness of Agency
for Health Care Policy and Research clinical practice guideline and patient education methods
for pregnant smokers in Medicaid maternity care

Summary Recommendations for Vital Directions

1. Strengthen federal efforts to reduce use by youth of all nicotine-containing products, through excise tax increases and the regulatory process.
2. Provide incentives for states and local school districts to adopt the Comprehensive School Physical Activity Program model.
3. Fully apply the standards in the Healthy Hunger-Free Kids Act to the National School Lunch Program, the School Breakfast Program, and to the foods and beverages sold in schools.
