**Early Pithouse Villages of the Mimbres Valley and Beyond: The McNally and Thompson Sites in Their Cultural and Ecological Contexts by Michael W. Diehl, Steven A. LeBlanc, Paperback**

JAR publishes substantive, peer-reviewed research articles and book reviews in all subfields of anthropology, totaling approximately six hundred pages of text annually. The authors synthesize the data about changes over time in the villagers' lifestyle to develop a new chronology for the occupation of the region.

**Vol. 58, No. 4, Winter, 2002 of Journal of Anthropological Research on JSTOR**

Surface areas of McNally pithouses 38 4. La Zona Transicional del centro de Arizona es una región montañosa disecada por ríos que crearon barreras y condujeron movimiento entre grupos prehistóricos Hohokam al sur y grupos Pueblos Ancestrales al noreste y al noroeste.
