Controls for hazardous substances

Policy targets and progress The Regulation on the registration, evaluation, authorisation and restriction of chemicals REACH EU, 2006 aims to improve the protection of human health and the environment from the risks posed by chemicals.

Environmental emergencies: list of hazardous substances

UN, 2002, Report of the World Summit on Sustainable Development, Johannesburg, South Africa, 26 August—4 September 2002, United Nations, New York. We have tailored GHS 7 for New Zealand. Setting the scene The 7th EAP EU, 2013 includes a number of chemical-related goals, one of which is that health and environmental risks associated with the use of hazardous substances, including chemicals in products, should be assessed and minimised by 2020.

Environmental emergencies: list of hazardous substances

Federal Acquisition Regulation Implementing E.

New Zealand's new hazard classification system

This final rule is effective on July 27, 2006. You can research the facilities that successfully petitioned EPA for a delisting in.
