## 1999 in the United Kingdom

Despite this birdwatchers tend to be called twitchers in the press and popular parlance and are still seen as rather sad anorak types on a par with train-spotters. The cultural test utilises a points based system which takes account of cultural content, creative elements and heritage, the nationality of the cast and crew and where the bulk of the production takes place. Μετά από αυτόν όμως, η άλλοτε κραταιά Μεγάλη Βρετανία άρχισε να κλονίζεται ανεπανόρθωτα.

**(450)**

The first wave of Sikh migration came in the 1940s, mostly of men from the Punjab seeking work in industries such as foundries and textiles. Anything over 400 is reckoned to be a good total and there is a club called the UK400 club for such aficionados of the sport of twitching.
