## Another Favourite Supreme Court of Canada Case: The Northern Gas Pipeline Saga

Written by Justice Thomas R. Justice Thomas Berger CHAIRMAN The President, Peter Hermant MR. In 2000, the tar sands were already the fourth-largest source of greenhouse gases in Canada.

## Northern Frontier—Northern Homeland: The Empire Club Addresses

Berger took to the task with uncommon enthusiasm. I feel that The Mackenzie Valley Pipeline laid the groundwork for the IdleNoMore movement and the strong activism we see against corporations and pipelines to this day.

HI

So, too, have TransCanada and Westcoast. If this trend continues, then a whale sanctuary can be set aside, and oil and gas activity can be forbidden there without impairing industry's ability to tap the principal sources of petroleum beneath the Beaufort Sea.

## Kinder Morgan and Lessons from the Berger Inquiry

Andre is a Calgary management consultant and the Canadian chairman of Arctic Resources Co. The possible impact of northern pipeline construction on social and cultural life, and on native land claims, which was highlighted by the Mackenzie Valley Pipeline Inquiry and the contemporary Alaska Highway Pipeline Inquiry Lysyk Commission, increased the importance of the pipeline and environmental units of the Northern Affairs Program.

## Mackenzie Valley Pipeline, Canada

How much of the gas from the MGP would be diverted to feed the hungry Alberta tar sands, further escalating greenhouse-gas emissions? We'll be travelling to all the communities to show them exactly what the deal means to them.

**Petr Cizek**

He chaired the northern pipeline efforts of the Committee for an Independent Canada from 1972 to 1977.

**New Pipe Dreams**

The former was an idyllic development project and at the time would have been the longest pipeline in the world and quite an engineering marvel given the difficulties of building on permafrost and other geographical barriers set out by the Canadian North.
