## ERIC

Advisories issued by the State Controller's Office to assist independent auditors and local educational agencies in the annual audits.

## Single Audit

® program, a school-based childhood physical and sexual abuse prevention program that teaches children to recognize abusive situations, how to respond to potentially abusive situations, and how to report abuse to someone who can help stop it.

## Safe Schools

How does my school become a safe school? This should not be confused with management intervention, which represents management actions to depart from prescribed policies and procedures for legitimate purposes. This document is in the public domain and may be freely copied or reprinted. Rental space for the classroom can be obtained from unused schools, churches, park buildings, community centers, apartment complexes, and estates.

## Audit, Tax & Consulting for Private Schools

Whether contemplating offering school district audits or looking to enhance the effectiveness of audit services currently provided, auditors should take advantage of specialized tools—particularly tailored practice aids that include school district audit programs, checklists, confirmations, and reports—to address the unique audit and accounting requirements of this important niche. Overview of the NIOSH Safety Checklist Program Manual At first glance, the size of the Safety Checklist Program can seem overwhelming because of the large number of checklists needed to cover all regulations applicable to career-technical school settings.

## Audit Guidelines

The financial expert on your Steering Committee should take responsibility for this. The funding formulas are complex and subject to frequent changes and vary by state. This exercise is designed to build empathy and understanding of others.
