Arithmetic Practice

OK, we've covered food. Despite its small size, it is still very powerful and allows playback of practically every known audio and video format. You might not need a whole lot of food, but you do need to eat.

Trademark Electronic Search System (TESS)

For instance, food could be a need or a want, depending on the type of food. You can eat meat, nuts, or soy products to get protein.

Trademark Electronic Search System (TESS)

Many people have gone days without eating, but they eventually ate a lot of food.

Want vs. Need: Basic Economics Part 1

You can eat yogurt or cheese to get other vitamins and minerals. You don't really need to eat ice cream to survive.

Want vs. Need: Basic Economics Part 1

The COVID-19 Daily Health Tracker is required of all NCCU students. Some categories have both needs and wants. You can eat it to get some vitamins and minerals, but other foods like cheese and yogurt give you more of those same vitamins and minerals without giving you the fat that ice cream does.
