Isaan Life: The Tipitaka

Kandy: Buddhist Publication Society, 1993. Nāhaṃ, bhikkhave, jaṭṭakassa jaṭṭadhāraṇamattena sāmāññaṃ vadāmi.

Beyond the Tipitaka

The commentary thus reminds us that there are some important fundamentals to be developed before one undertakes intensive. Jayawickrama, 1962, PTS ; 5th c.

Isaan Life: The Tipitaka

A poem recounting the early history of the of the , from the time of its removal from the pyre until the building of the first in , 4th c. The commentaries recount heroic stories of who, fearing that the of the might forever be lost, retreated to the safety of the coast, where they survived only on and leaves, reciting the texts amongst themselves day and night. The Introduction provides historical background to the texts and offers some on why these texts are so valuable to the.

Isaan Life: The Tipitaka

After the catalog of post-canonical continued to grow with the addition of commentaries by both 5th c.

Isaan Life: The Tipitaka

CE, when the began the laborious task of collating the commentaries and translating them into , that these first became accessible to non-Sinhala speakers around the. Many of these descriptions were lifted verbatim from other sources see Sources, below. CE; some additions were probably made later.

MN4.10

Without the post-canonical texts important lessons like these — if not the itself — might have been lost forever to the mists of time. The eventually

superseded it as the best guide to. This commentary covers all five.
