## HKUL: AV Collection

On n'a pas la moindre raison de supposer que la gloire d'avoir civilisé un territoire différent du leur, par une branche de leur nation, ait eu de quoi tenter leur vanité et égarer leur bonne foi. Schwartz, the President and Fellows of Harvard College, 1990.

## Report Title 13. Jahrhundert 14. Jahrhundert 15. Jahrhundert 16

Attention is given also to the place of religion in early philosophical thinking. There was 110 china between empires also a statue of a six-tusked elephant bearing Sakyamuni Buddha up into the sky.

## China between Empires: The Northern and Southern Dynasties (History of Imperial China)

This brief, secular ritual lasted about twenty minutes. In ancient China, the official specifically charged with religious affairs was the Minister of Rites, the 'Great Senior Lineage Official', who was always under royal supervision. The flower of Buddha: silk and metal carpets from the Forbidden City tappeti di seta e di metallo della Città Proibita.

## The Cambridge History Of Ancient China

She argues that institutions of kingship were bound up with cultivation of trance states and communication with spirits. Tōkyō : Kokon Shoin, 1998.

About this bibliography: What follows is a list of books on Chinese

As the name partly suggests, Sino-Tibetan is divided into two major branches, Chinese and TibetoBurman.

## **西方汉学家一览 陈才智整理**

These two bodies of soldiers eventually dwarfed the military power of individual landlords and lineage coalitions. Some belonged to a particular god, but most were able to enter into relations with several gods, or especially with the spirits of the deceased.

## **Qi Shu**

A Liangzhu culture burial with many ritual jades. It is a key link in the implementation of the national census of Chinese materia medica resources.

## **God of the gate, protector of the door: door gods (menshen) in chinese popular religion**

In sum, the reconstructions set out here, valid and useful as carefully considered postulates, should in every respect be recognized as provisional and do not in any case fit together to make a uniform or comprehensive description of the Old Chinese sound system. Japan its architecture, art, and art manufactures. London : Smith, Elder and Co.
