Economic Development Policies for Central and Western China

Technology will resolve some of the barriers to online shopping. The report also predicted the type of industry that each nation would dominate, leading some to deem mainland China 'the industrial workshop of the world' and India 'one of the great service societies'.

China Overview

The reform economy grew rapidly and fostered a large private sector, which came to include some of the world's biggest companies. If these projections prove accurate, the Chines working age population could drop by 225 million individuals 2011-2050. It is possible to move up the value chain for example, cut flowers in Kenya and increase technology adoption.

Asian Century

The Russian Prime Minister encouraged the idea of a triple alliance between Russia, the PRC and India first formulated by Indian strategist in 1983, and supported the idea of a world.

China's role in African infrastructure and capital projects

Automation and the digital economy are boosting productivity for some, eroding old sources of advantage for others. This in turn has made China a major commercial partner of the United States.

China's Population Destiny: The Looming Crisis

Chinese steel output quadrupled between 1980 and 2000, and from 2000 to 2006 rose from 128.
