### ARDMS

In a pelvic sonogram, organs of the pelvic region are imaged.

### Home

The primary regulated metrics are MI , a metric associated with the cavitation bio-effect, and Thermal Index TI a metric associated with the tissue heating bio-effect. Additional Program Information : Admission to the diagnostic medical sonography program is very selective and requires a separate application in addition to general admission to the college.

### Ultrasound

Certain educational activities may require additional software to view multimedia, presentation, or printable versions of their content. This means that physicians are going to be able to treat more health issues using non-invasive techniques and outpatient procedures, which can include the assistance of ultrasound technicians.

### Medical ultrasound

After the procedure, the gel will be cleaned off of your skin.
