Tony Hak

. But so far, America is still the most powerful country in the world.

Understanding China's attitude toward international order : from general delegitimization to selective embeddedness

Rubinstein ed , The Palgrave Dictionary of Anglo-Jewish History 566, 810. The assumption that a static actor chases the changing institutions does not stand.

Family Boundaries The Invention of Normality and Dangerousness

Race, Discourse and Power in France. These professional discourses actively constitute, for practical purposes, what social arrangements are taken to be 'a family' and what is 'normal' or acceptable conduct within families.

Flip

This paper proposes an identity-attitude model to explain these puzzles. Chinese intellectuals may use this approach to influence decision-making process in China. This section develops an identity-attitude model to explain why China is becoming less critical of the international order.
