## Manchester

Psychometric analysis of the Chinese version of Social Adaptation Self-evaluation Scale C-SASS. Intimate partner violence against adult women and its association with major depressive disorder, depressive symptoms and postpartum depression: a systematic review and meta-analysis. However, this instruction was not in the original version and thus lessens technical equivalence with the original.

## Equipment and adaptations to help you live independently

FC supervised the project and contributed to project design, analysis and manuscript drafting. Firstly, we did not carry out test-retest or inter-rater reliability testing.

## Equipment and adaptations to help you live independently

We found that the MSPSS could be successfully translated and adapted for use in Malawi with some modifications.

## Our responsibility for public health

The Social Adaptation Self-Evaluation Scale SASS is a 21-item scale measuring social motivation and behaviour. Antepartum anxiety and depressive symptoms: a study of Nigerian women during the three trimesters of pregnancy. However, in cases where work is allocated to new PhD students, it is especially important that permission is received from your supervisor to undertake the work.
