But great leaders think about where they want to be in five and ten years, and what they have to do each hour of each day to make their desired futures a reality. A variety of leadership behaviors are expected to facilitate these functions.

Leader

. In general, when women are asked to describe themselves to others in newly formed groups, they emphasize their open, fair, responsible, and pleasant communal qualities.

Leadership

Dependence on the strength of courage results in violence. Over the years, many researchers have stressed the prevalence of this misunderstanding, stating that the existence of several flawed assumptions, or myths, concerning leadership often interferes with individuals' conception of what leadership is all about Gardner, 1965; Bennis, 1975. Management Leadership Management May or may not be a manager May or may not be a leader Must inspire followers May or may not inspire those under them Emphasizes innovation Emphasizes rationality and control May be unconcerned with preserving existing structures Seeks to work within and preserve existing corporate structures Typically operates with relative independence Typically a link in the corporate chain of command May be less concerned with interpersonal issues May be more concerned with interpersonal issues The terms leadership and management tend to be used interchangeably, but they're not the same.
