Corporate Versus Individual Moral Responsibility

Among the sets' 478 essays are long overviews on different sectors of the economy, such as agriculture and banking; individual industries such as advertising and electronics; and general topics such as business cycles, labor strikes and outsourcing. Shanghai: Shanghai Academy of Social Sciences Press, 2003.

The Blackwell encyclopedic dictionary of business ethics (1998 edition)

Is it wrong to a or to destroy human embryos in medical research? It shows how the idea of corporate responsibility has evolved over time, with

the roles, responsibilities and performance of corporations coming increasingly under the spotlight as new norms of transparency and accountability emerge. Beginning with a discussion of the origins and development of stakeholder theory, it shows how this corpus of theory has influenced a variety of different fields, including strategic management, finance, accounting, management, marketing, law, health care, public policy, and environment. The Paradox of Social Cost.
