All States

Between 1982 and 1997, the Northeast and Midwest lost 3.

9780666947703

Impacts to communities, watersheds, airsheds, wildlife habitats, old-growth forests, and recreation areas are of concern across the West, as is the spread of insects, disease, and invasive plants within and across state lines.

Timber Use, Processing Capacity, and Capability within the USDA Forest Service, Rocky Mountain Region Timber

Non-Forest Service land ownership areas inholdings are also removed. This is a collaborative effort with many partners. Department of Agriculture, National Agricultural Library Language Volume no.

Case No. 1: Then and Now

These special areas include items such as wild and scenic river corridors, research natural areas, etc. It took an army of horse loggers about eight years to complete eight separate contracts, one for each section from which timber was harvested. Commercial sales are available on a case-by-case basis.

Timber

In the years since, portions of Case No.

Timber Information and Contacts

It is coordinated at the national and regional levels by USDA Forest Service staff and implemented in cooperation with State forestry agencies and others.
