

Fluorescence studies of L-asparaginases.

University of East Anglia - Discovery of human

Description: -

-Fluorescence studies of L-asparaginases.

-Fluorescence studies of L-asparaginases.

Notes: Thesis (Ph.D.) - University of East Anglia, School of Chemical Sciences, 1975.

This edition was published in 1975

Leishmania donovani asparaginase variants exhibit cytosolic localization

Kanamycin was obtained from Gibco.

An Amplex Red

Husain I, Sharma A, Kumar S, Malik F.

An Amplex Red

In this study, the gene of L-asparaginase from *Zymomonas mobilis* was cloned in pET vectors, fused to a histidine tag, and had its codons optimized. Apoptotic effect of recombinant L-asparaginase from Z. FCS-A dot plot, the cell populations were identified according Annexin and PI expression: viable cells Annexin - PI - , cells in early apoptosis Annexin + PI - , cells in late apoptosis Annexin + PI + , and necrotic cells Annexin - PI +.

Fluorescence

Annual Review of Pharmacology, 10, 421.

1

Probing the role of threonine and serine residues of E. Immunogenicity of therapeutic proteins: clinical implications and future prospects.

Interaction between L

Structural basis for the activity and substrate specificity of *Erwinia chrysanthemi* L-asparaginase. Cytoplasmic L-asparaginase: isolation of a defective strain and mapping of ans A.
