## Legal Research on International Law Issues Using the Internet

In all four countries, they are typically developed by networks of suppliers led by the municipality and its utilities.

## Managing sustainability risks of bioenergy in four Nordic countries

We invite them to play a supportive role in the efforts of developing countries to integrate fully commitments and considerations on gender equality and women's empowerment and ensure the participation of women and effective gender mainstreaming in their decision-making, programme planning, budgeting and implementation, in accordance with national legislation, priorities and capacities. We look forward to receiving the outcome of the independent evaluation of the Delivering as one initiative. The Balance between Practicality and Vision Here the balance is between what should be done and what can be done.
