They have, however, inherited a reputation for the dogmatic repetit. The present survey of Soviet thought in the mid-sixties, comprising papers by Western specialists in its major domains, gives an up-to-date account of an impressive field of philosophical endeavor which, awakened from dogmatic slumbers, rapidly gains in interest and encourages hopes of becoming a valuable component in the vast complex of contemporary philosophy.

The present survey of Soviet thought in the mid-sixties, comprising papers by Western specialists in its major domains, gives an up-to-date account of an impressive field of philosophical endeavor which, awakened from dogmatic slumbers, rapidly gains in interest and encourages hopes of

becoming a valuable component in the vast complex of contemporary philosophy. It is the work of academic philosophers who, on the whole, are neither more nor less competent than their colleagues in the free world. This reputation, engendered by poor work under political pressure, was justified until about the mid-fifties.
