About Basic Books Since its founding inBasic Books has shaped public debate by publishing award-winning books in history, science, sociology, psychology, politics, and current affairs. There is a listing of British Railways locomotive sheds and shed codes, along with a primer on identifying locomotives by their numbers, But the real heart of the book is over pages describing the different locomotives, with various characteristics and historical notes; each is accompanied by a black-and-white photograph. Produced in a handy A5 format this book is a useful reference guide to preserved main line locomotives, steam, diesel and electric, plus multiple unit trains which can be seen today, working on Britain's many heritage railways, hauling tours on the national network.
