Capitalist conglomerates were compelled to expand beyond their national borders in pursuit of new markets and resources. Existential Flourishing: A Phenomenology of the Virtues, Cambridge: Cambridge University Press. Inability or unwillingness to change may result in a higher level of conflict: lawsuits, sabotage, violence, or full-scale revolutions or wars.

Introduction: Gender and Politics: A Gendered World, a Gendered Discipline

How and why does change occur or not occur? History and Eschatology, Edinburgh: Edinburgh University Press. Articles in both volumes are committed to showing the systematic relevance of existential concepts and approaches for contemporary work in philosophy and other fields. Meanings of Balance of Power and Balancing Behavior While the balance of power is arguably the oldest and most familiar theory of international politics, it remains fraught with conceptual ambiguities and competing theoretical and empirical claims.

Undergraduate Project Topics, Research Works and Materials

Technology has to be treated as a servant of society, not a master. He has understood that nihilism is the ultimate meaning of the moral point of view, its life-denying essence, and he reconfigures the moral idea of autonomy so as to release the life-affirming potential within it.

The role of empowering women and achieving gender equality to the sustainable development of Ethiopia

Marxists have drawn attention to the material basis of European political expansion and developed concepts that help explain the persistence of economic exploitation after the end of direct political rule. So the idea that the world was characterized by a uniform, patriarchal structure until the 1970s does not comport with the anthropological or historical record Brettell and Sargeant ; Jolly and Macintyre.

Open Access

This entry will survey both critical and constructive feminist approaches to the self. Private clubs that exist ostensibly for recreation are frequently important places for engaging in business transactions; universities that formally exist to promote learning and scholarship may help to promote or to reduce class distinctions; and business and religious organizations often have political and social agendas that go beyond making a profit or

ministering to people.

Balance of Power in World Politics

The difficulty of defining colonialism stems from the fact that the term is often used as a synonym for imperialism.
