Library and Information Services Policy Forum

Sport governing bodies, for example, are often inundated with requests from researchers, and may be unlikely to respond. INTRODUCTION In Chapter 1 we suggested that one of the aims of sport-related research is to advance our knowledge about sport. This present form of security can be further strengthened by implementing HP's file level access security via lockword.

New Plant Genome Gopher

It is expected that electronic media will be more prevalent in the future, making space in the SDC inadequate for storage. I have been to two of these Forums, and I always find them exciting because I do think data is absolutely essential as we continue to move into new areas.
