Ghost Trains: Real or Legend?

The main on If you ask himself about his track record for picking our monthly buddy read books, he'll tell you that he knows how to stack up them stinkers. That last one is something that a lot of horror from that time period lacked.

Ghost Train

Commuter Mark Davies has been attacked and thrown from the train. In summation: Ghost Train is an above-average bit of 80s horror.

The Ghost Train (1941)

They were signed to the based label.

The Midnight Ghost Train

Their awardwinning conclusion, later duplicated, was that the headlights of cars on a nearby highway were the cause of the bizarre event. In 1925, Lacroix made a deal with the Great Northern Paper Co. I finally came across a paperback copy a few months back and put off reading it for one reason or another.

The Ghost Locomotives of the Great Maine Wilderness

The last of the great independent loggers, a Quebecois called King Ed Lacroix, put the ghost locomotives there. Today, the Allagash wilderness is remote and scenic with a 92-mile waterway protected by the State of Maine. Another myth connected to Silverpilen is that those who get on it are never seen again.

Ghost train (folklore)

The Ghost Diaries is the online home for anyone interested in the unknown or, as it's popularly known, the paranormal. By Taylor Leonard Over 1.
