## Weekend Tip: Swing easy, hit hard

With the hands ahead of the ball, just as they should be at address, you'll have a better compression of the ball against the face. When chipping, I use a one-pause-two count, like a metronome to help pace my back and forward stroke. GOTTA HAVE RHYTHM So the speed of the swing is not a major issue, despite how often you hear people commenting on it.

## Weekend Tip: Swing easy, hit hard

The big takeaway was I left rested and refreshed versus tired and frustrated. After all, hitting down on the golf ball, and making a divot on the target side of the ball not behind it is key to straighter, longer hits.

## Simplify your driver swing for effortless power

I guess a simpler way of saying it is these Golfers decelerate their swings when swinging their Driver.

## Simplify your driver swing for effortless power

This is a good position to be in. The idea, of course, is to make better contact. I wonder what the pay increase will look like? The average 20 handicapper with a poor swing would be better served isolating the one thing in their swing causing the most issues and trying to fix it than anything else.
