### How School Districts Are Overcoming Declining Enrollment Trends

Enrollment in the district is down more than 3 percent from last year, and ongoing parental dissatisfaction may mean that more families will opt out next school year. Reflecting , the biggest drops came in the early grades, with kindergarten enrollment declining more than 9%.

### Colorado schools work to keep students from leaving — and taking money with them

And more importantly, it predates the growth of the charter sector. The complexities are widespread and are decentralized in the student body and across grades, classrooms, buildings, and legacy financial obligations.

### Lawmakers spare K

It appears, though, that it was not just a desire for in-person instruction that drove many parents to leave traditional public schools. Wading through the pages of monthly bills is a big part of each Board meeting. They also looked for schools that did a better job at offering virtual instruction, since not all school districts saw a decline in enrollment.

### Pueblo District 60 board concerned about continued decline in enrollment

District 11 in Colorado Springs had the largest decrease at 8. They said their districts were incurring costs to educate these students, and they needed a way to get reimbursed.

### Colorado public school enrollment drops for first time in 30 years due to COVID

The budget crisis, tied to the economic downturn, seems likely to fester... That could indeed lead to a cycle of disenrollment and disinvestment in our public schools.

## **Colorado schools might dodge big budget cuts**

The Mackinac Center for Public Policy is a nonprofit research and educational institute that advances the principles of free markets and limited government.

## **Lawmakers spare K**

The negative factor with the law is certain amounts of funding that are supposed to be for schools are cut to help balance the state budget. Only enrollment among Hawaiian natives or Pacific Islanders and students who identify as two or more races increased, up 0.
