Oregon Health Authority : Tuberculosis Program : Tuberculosis Program : State of Oregon

Administrative controls are the first and most important level of the hierarchy. Physicians Cottage I was constructed in 1919 and before this, the engine room and dairy barn were built in 1912.

Sanatorium

Directly observed therapy DOT is one method of ensuring that the medication is taken as prescribed, as it is done under the supervision of the nurse. She has spent months encouraging staff people to take a different approach to Bob. The hospital's first decade was a tough go, as the sisters confronted floodwaters from nearby Couch Lake, a lack of adequate finances, and a full house.

A History of the care of the tuberculosis patient in Oregon (1940 edition)

The White Plague: Tuberculosis, Man, and Society. For an administrative history of this division, which became the National Institute of Mental Health, See RG 511. Division of Health Mobilization established in Bureau of State Services, 1959.

Long

There was evidence of tuberculosis in the Northwest Indians but the first reported case among the whites was Meredith Gairdner who came to Fort Vancouver in 1833 as a resident physician. Other factors can also affect adherence. .

TB Infection Control in Health Care Settings

At this time, health care for the tubercular patient was home care.

History of Tuberculosis (TB)

Masters certificates of sick or disabled seamen, 1925-40.
