Colonialism

Rural-urban migration , especially among the young people has deprived the rural areas of the badly needed labour force for food production.

Primary sources

It was initially meant to be a small port town for ships traveling to India, but eventually became a full settlement.

South Africa Genealogy • FamilySearch

Samples of children's writing may not copy well. The short-horned cattle originated in Mesopotamia then spread to Africa and Europe. An estimated five thousand Zulu warriors were involved.

The origins of South African music

Political instability in some African countries undermines food production.

Oxford Bibliographies

Their traditions point their original homeland to be a place to the north-western part of Kenya, between Sudan and Ethiopia.

THE KHOIKHOI (HOTTENTOTS): THE FIRST PEOPLE OF SOUTH AFRICA

They were made by Australopithecus and Homo erectus.

WHKMLA : History of South Africa

Early Stone Age Tools The hominids Made tools from stone. The emphasis on transition rituals to mark an individual's change in status shows clearly how important age was in defining status in Khoikhoi society. When comparing parent language with derived language, it is possible to know how long the derived language has independently from the parent language.

A History of South Africa: Revised Edition on JSTOR

Iron hoes were used instead of sticks, to prepare the ground.
