Creachadh na Clarsaich: Collected Poems, 1940

Robert Jones, Rhos-lan, Drych yr Amseroedd, ed. On the evangelical tradition within the Anglican Church in Wales, see Roger L. The normal palliatives will not suffice for him.

Passages from Tíre: Twentieth

Delfrydau Cristnogaeth a bennodd ein meddwl. . Which readership should they address; Gaelic intellectuals like themselves, the Gaels back in the islands, the general Scottish readership, or can they address all communities at once? Many went on to holy orders.

Derick Thomson

Before this, there had been a social proximity between preachers and people based on the similarities of background, rural origins, economic circumstances and education or lack of it. When he considered the population in toto, they were to him one and the same people. Yet this is not a homogeneous tradition, for the Lowland Scot is reminded of a different past from that idealized by his Highland cousin and both look to different cultural influences.

Liam Upton demonstrates that, for Irving, to be English was coterminous with membership of the Church of England, while to be Scottish meant, of necessity, membership of the Church of Scotland: an ironic position, maybe, for one who was to find himself ejected from the Kirk for heresy. He was confident that the public was sufficiently tough-minded not to be deceived by them.

He went on to lecture in Edinburgh, Glasgow and Aberdeen before becoming Professor of Celtic at Glasgow in 1963, a post he held until his retirement in 1991, receiving an honorary degree from the University in 2007. An opportunity arose during 1999 for the Centre for the Advanced Study of Religion in Wales to enhance this relationship further by helping to arrange a conference and enable a dialogue to occur between representatives of the two nations. Howell Harris was more than ready to scold his listeners for turning to English.

Passages from Tíre: Twentieth

What Harris considered a virtue is now regarded as a weakness, and he stands accused of being primarily responsible for persuading Welsh Methodism to remain within the Church of England during the eighteenth century.
