## Mark Defreitas v Attorney General

It has been recognised that a legislative body established under an Act of the British Parliament by its very establishment has not the right to create another legislative body with the same functions and powers and authority. During the , the only two times such states of exceptional suppression of constitutional provisions were declared were during the state of siege, within the confines of the Lisbon Military Region , and during the state of emergency, in the entirety of the Portuguese territory. Special provisions applicable to goldware 4.

## List of United States federal legislation

Such incorporated cities, towns, and counties may prescribe the manner of exercising said powers within the restrictions of general laws.

## State of emergency

State indebtedness: Limitations and exceptions. The Court asserted that the answer to the question whether taxpayers have standing depends on whether the circumstances of each case demonstrate that there is a logical nexus between the status asserted and the claim sought to be adjudicated. The prohibition on litigating the injuries of others, however, does not appear to bar individuals from bringing these suits.

## Quarantine

I will now deal with the third principle, which, in my opinion, is the true principle upon which the Rule against delegation may be founded. Where it appears to the Governor in Council- a that it would be in the interest of persons to whom any goods are supplied; or b that it would be in the interest of persons by whom any goods are exported and would not be contrary to the interest of persons to whom such goods are supplied in Hong Kong, that any expressions used in relation to the goods should be understood as having definite meanings, the Governor in Council may by regulations assign such meanings either- i to those expressions when used in the course of a trade or business as, or as part of, a trade description applied to the goods; or ii to those expressions when so used in such circumstances as may be specified in the regulations, and where such a meaning is so assigned to an expression, it shall be deemed for the purposes of this Ordinance to have that meaning when used as referred to in paragraph i or, as the case may be, paragraph ii of this section.
