Group interventions

Glimpses of Group Interventions at Centre for Addiction Medicine Group interventions for substance use disorder at NIMHANS started in 1986.

Healing From a Dysfunctional Family: 8 Tips

This puts the burden of adult issues on a child and is an unhealthy alternative to direct communication. While this section focuses primarily on African-American women born in the United States, further research is needed to identify intragroup variations in substance abuse etiology and effective treatments. Do you want to restore a sense of intimacy and trust in your relationship? Family sculpting brings up feelings family members may not have even realized were inside them.

Group Activities for Families in Recovery

Examples of when it is typically accepted to break confidentiality include when the therapist has knowledge that a child or elder is being physically abused; when there is a direct, clear and imminent threat of serious physical harm to self or to a specific individual.

Group Activities for Families in Recovery

Educate Yourself About Dysfunctional Family Dynamics Fortunately, psychological research has made significant strides in identifying dysfunctional family patterns and the consequences children of such dynamics face. It is estimated that approximately 70 to 80 percent come from dysfunctional families. Possible social and cultural influences may be explored if the client deems it helpful.
