### The Big Book of Birth by Erica Lyon

I guess I'm just at the point of saturation in terms of information about labor and birth. It was also interesting to see the list of the different organization advocating for better maternity care Childbirth Connection, Choices in Childbirth, the Coalition for Improving Maternity Services in the annex. .

### The Big Book of Birth by Erica Lyon

She jumps right into the thick of it, never coming off superior, or redundant and offering dozens of differing personal experiences as examples for each of her points. As I progressed well into my third trimester, I checked it out again since THE EVENT was approaching and I was much better prepared for the information in this book and read it avidly. Of course, all that could change in a week after I've actually experienced giving birth.

### The Big Book of Birth by Erica Lyon

I know what I can say no to, and what my options are even if they are not presented to me and that's empowering. In The Big Book of Birth renowned childbirth educator and Realbirth Center founder Erica Lyon offers an antidote to that fear with a comprehensive and up- to-date guide to childbirth.

### The Big Book of Birth by Erica Lyon

Obviously women more prepared than I was. I also loved the different women's individual stories.

### The Big Book of Birth by Erica Lyon

I'm sure that's what a ton of people are looking for, but I'm pretty much just going to do what my doctor tells me to do. That being said, I was frustrated by 1 TYPOS! The author definitely had a bias thus why I knocked off a star and I am scared now to give birth in a hospital after this, but I can now see that was inevitable. They say knowledge is power and it certainly is.

### The Big Book of Birth on Apple Books

Please contact the content providers to delete copyright contents if any and, we will remove relevant links or contents immediately. I realized then that the first signs of labor came weeks before my son was born and found it challenging, so I liked the fact that this book about childbirth started with the third trimester of pregnancy. I get turned off by books that push a big agenda, which you will find in childbirth books all the time, natural V.

### **The Big Book of Birth by Erica Lyon**

Or formula-fed babies in the US having a death rate 21% higher than breastfed babies.

### **The Big Book of Birth (2008 edition)**

I felt more confident and comfortable going into labor after reading this book, and I definitely recommend it if I was clueless about birth, and my friend gave me this book to read.
