**Warning: What's Happening in Las Vegas Will Destroy America by Wayne Allyn Root**

I swear I was looking at an unassembled guillotine. Then, the over-stated, fear-porn, COVID numbers are presented.

**Warning: Nonsense Is Destroying America: Ruggiero, Vincent Ryan: 9780840796783: vivchar.tom.ru: Books**

Prepare to live through it, or die trying. These false views have had a devastating effect on people's lives: they have created attitudes and habits that block the pursuit of excellence, disrupt family life, and lead to self-indulgence and in some cases, to self-destruction.

**Biden: Pentagon said global warming is America's 'greatest threat'**

It is easy to write about the fraud behind the counting of the COVID numbers and the inflated number of reported deaths. There is no tax revenue to pay for any government services, let alone our gleaming new NFL stadium for the Las Vegas Raiders.

**Blacks and leftists are destroying our cities with their criminal entitlement nonsense.**

It's easy to destroy Las Vegas, formerly the greatest city on Earth.

**Jewish Author: Christians Face Danger in America**

We sit only feet from the bar.

**Paul Harvey's Warning To America: If I Were The Devil....**

It was a 5 minute speech, and I am amazed and gratified it has received so much coverage.

**Warning, Nonsense Is Destroying America by Vincent Ryan Ruggiero**

The two law enforcement people I knew that participated in the 2009 Colorado event were horrified and said they would not participate in a live event under these circumstances. A New York Times bestselling author is warning that Christians are in real danger of persecution — in America. It stands for DUMB, as in clueless, ignorant, blind, deaf and very dumb.

**Biden: Pentagon said global warming is America's 'greatest threat'**

Instead of separating the facts from their opinions and putting the latter in a separate section of the newspaper or newscast block, they mix the two, thereby ignoring the wise standard of verifying facts and carefully weighing judgments. These consequences help to explain the appalling ignorance and apathy reflected in public opinion polls. I would make every individual immigrant symmetric and ignore the cumulative impact of millions of them.
