Stanley Rosen (ed.), The Examined Life: Readings From Western Philosophy From Plato to Kant

. . A comprehensive introduction to western philosophy incorporates excerpts and other primary source material from the writings of important philosophers and thinkers, ranging from Aristotle to Hume, in a thoughtprovoking anthology arranged according to such disciplines as the Philosophy of Religion, Metaphysics, and Art and Aesthetics.

The examined life, from Plato to Kant edited by Stanley Rosen 2000 hardcover

These new insights provoked many responses, and chief among them were a richer, deeper concept of the self, as articulated by the Romantics, and the Hegelian attempt to project notions of that self into a larger sphere of activity. Everyone knows the names of these philosophers, but few really understand the ideas at the core of western philosophy.
