### The queen's nose : King

Her uncle arrives and gives her a magic fifty pence piece and once she solves the riddle her wishes are granted. Harmony believes animals are more interesting than humans and so she pictures the people she meets as animals.

### The Incredibly Realistic Face of Queen Elizabeth I

Harmony is a very stubborn and determined girl who loves animals and always sports a conservation-minded shirt. It was commissioned in 1588 in celebration of the impressive English victory over the Spanish Armada and is intended to represent the glory of England and her monarch. Harmony isn't allowed a pet because of her family's dislike towards them; they think animals are a disgrace.

### Queens Nose Dog Car Seat

I thought this was a fun read. Her father, for example, was a bald-headed Sea Lion and her mother a tubby, fussy Pouter Pigeon. That having been said I only recommend the first three seasons because it did get a bit silly from there.
