In the modern and thoroughly metropolitan baking HISTORY OF GENESEE COUNTY 211 plant recently completed by Mr. As one approaches the Terrace, which is an elbow of blocks at one end and a diagonal at the other, one is confronted by a confusion of cross streets, which look as if they had been gotten up expressly to demoralize one's points of compass. The technologies created during the industrial revolution did not consider the humanity of the worker, but rather focused on efficiency of production.
