### American Institute for Free Labor Development

Due to the efforts of the STFU, Franklin Roosevelt established the President's Committee on Farm Tenancy soon after his 1936 reelection. The 1940s would be a decade, however, when African Americans would achieve their greatest economic gains, in terms of real advances and in relation to whites, since the Civil War.

### How slavery became the building block of the American economy

Indeed, even at the current time, efforts are still being made to include labor under the antitrust and other laws originally aimed at corporations. Unions, coalitions of workers pursuing a common objective, began to form demanding only ten instead of twelve hours in a workday. In 1902, blacks made up scarcely 3 percent of total membership, most of them segregated in locals.

### Indian and Native American Programs

Throughout North and South America, epidemics also played a central role in determining the power dynamic between Europeans and American Indians.

### American Federation of Labor

The Records of the Federal Mediation and Conciliation Service RG 280 contain a substantial amount of information regarding black and white miners during these postwar years. Mine owners intimidated miners into submission by maiming and killing those suspected of union participation. Included among these twenty thousand pages of records are a number of letters from local labor unions providing information concerning black laborers in skilled and nonskilled positions or attempting to explain the lack thereof.

### **What Caused the Decline of Unions in America?**

Two other violent incidents stalled the emerging industrial union movement in the 1890s.

### **The Development of the Industrial United States (1870**

The deadline to apply is May 18. To obtain compliance, it depended on its own powers of persuasion or the prestige of other government agencies concerned with manpower and labor relations.
