## Talking to Your Child About Drugs (for Parents)

What do you think about vaping? What you can say: Your response should be measured, quiet and serious — not yelling, shouting or overly emotional. Distinguish between prescription medications and illicit drugs.

## Keep Kids Drug Free

Be involved in your children's lives.

## Helping Your Child Avoid Tobacco, Drugs, and Alcohol

You don't have to worry about popular texting language.

## Helping Your Child Avoid Tobacco, Drugs, and Alcohol Racine County Network of Care

Department of Health and Human Services.

## Prepare to Take Action if You Suspect Teen or Young Adult Drug Use

Making Smart Choices It's a parent's job to use love and experience to correct mistakes and poor choices. Then group the stressors into helpful and hurtful coping strategies.
