## Accelerator neutrino beams

The structural behavior of this type of tube is examined. Keynote talk given at the Conference on Climate Change and Food Security, Dakar, Senegal, November 18—19.

## Tumor therapy with heavy charged particles

The Upper Jurassic volcanogenic-sedimentary strata were deformed into superposed large, simple, open folds of the second stage, which exhibit sublatitudinal orientation. In the field of satellite communications, the special requirements of a military satellite communication system are explained, the use of satellites for mobile 1 01 SYSTEMS communications service is considered, and public service programs using NASA's ATS-6 and CTS satellites are discussed.

## Fraser Stoddart

Scale bar of A and B equals 10 cm. In GeoValue: The socioeconomic value of geospatial information.

## Accelerator neutrino beams

Attention is also given to the preliminary study of the Stanford Research institute, the establishment of a SETI program, the question of support, and the magnitude of the search, B.
