Terre Napoleon : a history of French explorations and projects in Australia / by Ernest Scott

In 1810 Admirals Pellew and Bertie were in command of strong British forces, and Lord Minto, the Governor-General of India, was determined to root the French out of the Isle of France, and clear India of danger from that source. July Flinders sails for Gulf of Carpentaria.

He was so able and zealous a man of science, that we should like to believe that of him. Thirdly, these very powers of self-government developed in the people a signal capacity for governing and being governed. Flinders and Bass circumnavigate Tasmania in the Norfolk.

Terre Napoleon: A History of French Explorations and Projects in Australia by Ernest Scott, Paperback

It is probably safe to say that no expedition, French or English, that ever came down to Australasian waters, added so much that was new to the world's scientific knowledge, or accumulated so much material, as did this one whose chief naturalist was Francois Péron.

This was agreed to, and I returned with Mr. Why had he willingly permitted him to take some of them in December 1803, but declined to let him have any more till nearly four years later? Can we believe that men whose particular task it was to depict the coasts traversed, would have missed the picturesque gateway of Port Phillip if they had seen it?.

The most interesting statement made by Baudin will be dealt with in the next chapter.

Terre Napoléon: A History of French Explorations and Projects in Australia

Renewal of the great war. Many of the other names, too, were those of men no longer in favour. First charter to the Virginia Company.

Terre Napoléon, a history of French explorations and projects in Australia : Scott, Ernest, Sir, 1868

True, Flinders had a passport from the French Government, but it was made out, not for the Cumberland but for the Investigator. Here, a victim ready to hand, was one of the instruments of the extension of British dominion, the foremost explorer in the service of the British Crown. But as the Investigator steered towards the French and hoisted her flag, the mistake was corrected.
