Santos dedicates the first part of the book Epistemologies of the South to illustrating the impotence of Western-critical thought, in its ability to move beyond its own epistemological foundation de Sousa Santos, 2014:38, to learn; because after five centuries of teaching the rest of the world viz. Local authorities demoted him and tried to transfer him to a faraway posting.

Ujamaa

By consequence we have to then see the Arusha Declaration and even the education project it defines, in the context of its historical moment with all the opportunities and challenges there were as unique to the national liberation era and the impetus it provided.
